Sarah Peterson Joins LCHC

LCHC is pleased to announce that Sarah Peterson, RD, LD joined our team as a Clinical Dietitian on March 24th.

Sarah is from the Chariton area and comes highly

recommended. She received her degree from Kansas State University and brings with her a passion for helping others.

Sarah will be working on a part-time basis providing services to acute and skilled care patients. She will also lend her expertise to our Nutritional Services department.

If you don't already know Sarah, please make a point to introduce yourself and welcome her to our team.

COVID-19 Updates

With the COVID-19 global pandemic, our world has drastically shifted, both at home and at work. Our Incident Command Team is dedicated to staying one step ahead of our facility and community needs and keeping our staff informed.

Employees are encouraged to:

- Check their email and/or Huddle boards for daily updates regarding COVID-19 numbers and changes implemented because of COVID-19.
- Frequently wash their hands for at least 20 seconds. If unable to wash hands, use hand sanitizer.
- Get screened on a daily basis, this includes if they happen to "stop in" on the weekends.
- Not spread rumors or share anything they may hear.
- Remember that patient information should not be accessed unless absolutely necessary for job functions.

Paydays Moving to Fridays

Beginning July 1, 2020 LCHC's payday will move from Thursdays to Fridays. We are giving advanced notice so you can adjust your auto payments, drafts from your bank accounts, etc.

Welcome, New Employees!

Our family cannot possibly express our gratitude for the loving care your staff provided for our family and especially for our father, Jim Kerns. He always spoke well of how he was treated. From the moment he was brought in to the last moments of his life, you all helped make things bearable. We especially want to lift up Dr. Burnham and the compassion he gave us. We appreciate that he listened to us and made dad comfortable. We also appreciate that dad's room was at the end of the hallway so that we could have our privacy. Every staff member was so respectful and kind. We also want to lift up Michelle Short - she did a great job of communicating with us and explaining how the process worked. We apologize that we can't recall other names of the staff, but they are not forgotten.

On February 25, I was brought to the hospital by ambulance. I would like to thank everyone that helped me in any way for the excellent care I received from the EMTs and in the Emergency Room and for my stay in the hospital. Everyone was so very nice and caring and gave me great care. A special thank you to Dr. Sundquist for his care. Thank all of you so much.

Thank you for thinking of us during this time.
